Subject: RE: Kampachi PH check-in

I just heard from Mote and they asked if we had any plans to hire an off duty officer for this meeting. I know we talked about it a while back but it was tabled. I seem to recall something about if we needed it EPA would try to get Federal Marshalls or some such thing. Am I remembering this correctly?

For today's meeting, attached are the revised draft documents that will be available during the public hearing – public notice, summary sheet, and comment form. Also attached is the draft run of show and opening statements.

In order to simplify the information on the summary sheet, I removed two sections – 1) public comment procedures explaining how to submit written comments; and 2) EPA actions after the public comment period. This information is within the Public Notice and was duplicative.
